Welcome

to the 2009 National Farm Machinery Show

February 11 - 14, 2009 • Kentucky Exposition Center • Louisville, KY

The Kentucky State Fair Board proudly welcomes you to the **44th National Farm Machinery Show (NFMS)** — the largest indoor farm show in America. This massive show features the most complete selection of agricultural products and services presented by more than 800 exhibitors in 27 acres of interconnected exhibit space. You will find the products and services you need, the name brands you trust and the individual assistance from industry experts you want as you browse through the indoor exhibit space at the Kentucky Exposition Center (KEC).

Through the North Wing, you will find the East Hall's popular **Family Living Center**. This unique area provides a break from the exhibits and demonstrations with its wide selection of jewelry, crafts, clothing, antiques, farm toys and other unique accessories for everyone in the family.

After the show doors close for the night, Freedom Hall roars to life at the **41st Championship Tractor Pull**, sponsored by Syngenta. Top drivers from across the U.S. and Canada ride into Freedom Hall each night at the NFMS and again on Saturday afternoon. The oldest indoor tractor pull in the country hosts invitation-only drivers to race in pulse-pounding head-to-head competition. A share of more than \$200,000 in prize money and the nationally recognized title of Grand Champion will be up for grabs. A limited number of tickets are still available at the Freedom Hall Ticket Office, located on the east side of Freedom Hall.

We would like to thank all attendees, exhibitors, dealers, manufacturers, sponsors and staff members for their continued support of the National Farm Machinery Show. Through your dedication, the NFMS continues to be the industry-leading farm show in the country. Enjoy your stay with us and make plans now to attend next year's National Farm Machinery Show, February 10 through 13, 2010.

Visit us online any time of the year at the official Web site, www.farmmachineryshow.org.
